New accounting system

In order to meet the new requirements for accounting, we have switched to an electronic accounting system. This means that from 2025 onwards there will be no more paper documents. Many extra hours have been spent implementing the new system and Elin, who does our accounting, has gradually become familiar with the new system.

The large trees had to fall

To protect the Museum buildings and out of consideration for the Museum's neighbours, we have unfortunately had to say goodbye to some of the large trees behind the Museum. These were maple trees, which are an invasive species and therefore extremely prone to spreading. The large oak, however, was allowed to remain standing. The felled trees have all been converted into wood chips. As you can see, men and very large machines had to be put into action to cut down the trees.

Friends of the Poul la Cour Museum

The association's general meeting for 2025 will be held on Sunday, April 6, 2025 at 2:00 p.m. at the Poul la Cour Museum. If you are not a member, come and participate in the general meeting anyway - you may want to become a member. As a member of the association you support the development of the Poul la Cour Museum. A one-year membership costs DKK 150, which can be subscribed to from the chairman Mette Hollænder, on tel. +45 4230 4492, or via email: venneforenigen@poullacour.dk.

Remember that the Poul la Cour Museum is open every Wednesday from 10-14 - but we are happy to open by arrangement for tours any day - including Saturdays and Sundays. Just call or write to us.
